- Fill out form for airgreenland: <http://trophy-hunting-greenland.dk/userfiles/downloads/skydevaaben-uk.pdf>

Assumption of risk:

Also read and sign this one and bring: <http://trophy-hunting-greenland.dk/userfiles/downloads/Assumption%20of%20Risk.pdf>

About tax-free:

In autumn the tax-free shop in Kangerlussuaq airport is well stocked, but is a small shop. So you might buy special products in Copenhagen.

Cigarettes is a lot cheaper in Kangerlussuaq tax-free than Copenhagen tax-free.

If you don't smoke one of my guides smoke prince, and would love to buy them from you at tax-free prices.

Alcohol, just remember you have to carry it to camp when we are in area 9, and glass might break so plastic bottles is better during transport.

(Snaps and slivovitz is not our favorite drink here. (But ofcourse bring what you want.

Winter:

Mostly the same stuff, just remove a few summer related items, and add the following.

Warm winterboots, like soREL glacier, it can be minus 30 in daytime.

Warm winterclothes, bib+jacket or coverall for when driving snowmobile, lighter clothes under for when going up hunting.

Big warm gloves

Warm hat for when walking (got helmet on during snowmobiling)
